UKHC-FS-16	UKHC - Office of Patient Experience	Annual and Quarterly Patient Experience Awards-UKHC	The quarterly patient awards were established to recognize high performing clinical teams for excellence in delivery of patient care based upon reviews provided through the patient experience survey scores administered by Press Ganey. To be eligible for a quarterly award, the clinic/unit must be ranked in the top 5% (blue categories) and 25% (green categories) as compared nationally to healthcare organizations utilizing the surveying instrument. The Annual Patient Experience is awarded only to units who achieve top 5% (Blue Category) for all four quarters. This may not occur each year and is dependent upon the summation of all units over that given Fiscal Year. If units achieve this merit over the course of four quarters, a small annual ceremony will be held.	The purpose of the patient experience award is to align UKHC DIReCT values and operational expectations with experience outcomes based upon patient feedback. These departments show dedication to the quality of care and coordination to provide our patients and their families daily.	The awards are based upon quarterly patient experience outcome data.
